Uniting, supporting & empowering families caring for dependants with special educational needs & disabilities

Need some support? Feeling isolated? Want to know how or where to get help? Want to make change happen? Perhaps you have had particularly good experiences of support you can share?

As a network, together, we can ensure that common problems are recognised and addressed and good experiences are repeated across the service.

Join the network! It's FREE too!!

By joining this network, you will:

- have access to lots of information to help support your family
- find out about changes that may affect you and your family
- be informed about coffee mornings, events, conferences, consultations
- be able to tell us your views about services e.g. health, education, social care, leisure etc.
- be able to contribute to how services should be shaped
- be able to meet other parents and carers of children and dependants with special needs and disabilities.

Additional Carers

If there are other carers helping look after a dependant with a disability or special need (eg Grandparents, Aunts, Uncles), complete a separate Subscription Form so that they can also benefit from receiving regular communication from us.

(NB the larger our registered community of parents and carers, the stronger the influence for agencies to listen to our views. We would welcome you to encourage other parents and carers to register with us. Together we can build a community that can benefit families raising loved ones with special needs and disabilities).

How to join...

- Online - click 'subscribe'
- Email
- Telephone
- Write to us - use the tear off slip

Completed forms should be returned to address overleaf or scanned and emailed to admin@lincspcf.org.uk
